

INSTRUMENTS

POLY STAINER

Protected electronic

All the electronic circuit and electrical components are built in an elevated bridge. No splashing can damage them.

Removable container tray

The stainless
steel container
tray, can be
easily
removed and
replaced
without any
tool.

Quick drain system

As optional accessory the quick drain system allows to empty out the water container from the bottom. In the normal situation the water overflows.

Features and operation

Arrange the slides in the basket and hang it on the lift.

Perform or select a program using the symbolic display/keyboard.

The basket runs automatically to all the selected positions, at the times and shaking required.

Once the program finished, take the basket at the rest position.
